

Make A Change Program

SHE-CAN's Make a Change program enables corporate sponsors to support impactful, community-driven projects led by our scholars. Each year, scholars studying in the U.S. propose initiatives addressing needs in their home countries. Approved projects are implemented during the summer, allowing scholars to drive meaningful change while building leadership and entrepreneurial skills over 8–10 weeks. By partnering with SHE-CAN, sponsors fund transformative efforts that empower scholars to make a lasting difference where it's needed most.

Learn more about our scholars' 2024 MAC Projects [here](#).

Interested in sponsoring a MAC project? Visit our [website](#) or contact (lohara@shecan.global) to learn more!
